reasonably certain that benefits once declared could be maintained indefinitely into the future. No benefits heretofore granted have ever been retracted.

Standard Allotment Form 1122, if available in your Agency, may be executed by applicants to provide for the payment of the group premium by allotment subsequent to the first quarterly cash payment.

Members may also pay for the insurance quarterly, semi-annually, or annually in advance by direct remittance to the Association. The allotment method is recommended to prevent possible termination for non-payment of premiums.

Should you pay your premium in advance and terminate your service with the United States Government any *unearned premiums will be refunded.*

On July 21, 1950, a dividend applicable to all members of the Association in good standing, and also new members approved subsequent to that date, was declared by the Board of Directors. Life Insurance contracts were increased by 20% of the face amount of the basic policy without extra contribution.

Also, an Accidental Death Benefit of either \$7,500.—or \$15,000.—corresponding to the salary classification determining the amount of your life insurance, was granted without additional cost to every member in good standing and also to new members approved subsequent to July 21, 1950. The beneficiary named by you for your group life insurance will be the beneficiary under the accidental death benefit unless otherwise designated by you. Individual certificates evidencing this coverage will be forwarded together with the basic policy to all insured members.

This additional coverage has been granted on a year to year basis but it is hoped and expected that this coverage will be continued through subsequent years. In any event every insured member will enjoy this additional coverage through July 20, 1951.

The maximum claim permissible will, therefore, be \$27,000.00 (\$12,000.00 Life Insurance; \$15,000.00 Accidental Death Benefit) under the upper salary classification; and \$13,500.00 (\$6,000.00 Life Insurance; \$7,500.00 Accidental Death Benefit) under the lower salary classification.

The Accidental Death Benefits are underwritten by the Accident and Casualty Insurance Company of Winterthur, Switzerland, the United States branch of which is located in New York City.

Our booklets are distributed throughout the World through personnel offices of the U. S. Government. If none is available at your local station, please send your request to the War Agencies Employees Protective Association, 1040-43 Washington Building, 15th and New York Ave., N. W., Washington 5, D. C.

Protection may be continued so long as you continue your premium payments and are a member of the Association in good standing and the member continues actively employed in Government Service whether abroad or in the United States and until the insured attains the age of 65.
